

CALIBER EDGE® EVO™

Enhanced Profile with Eco-Base®

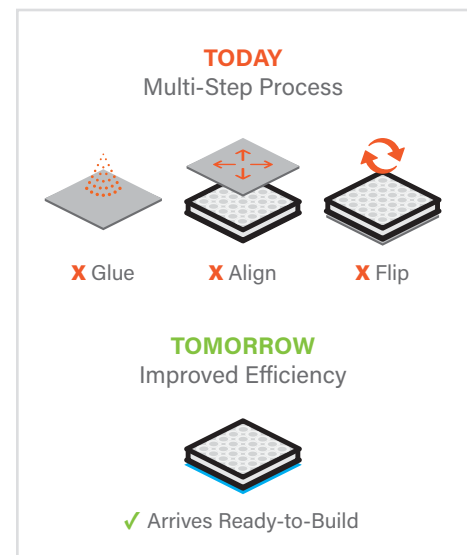

BeddingComponents.com

Caliber Edge® EVO™ frames the perimeter of our Bolsa® unit, providing a strong, durable edge, and delivering a consistent sleep surface that helps reduce the feeling of roll-off.

- **Eco-Base®** – 100% polyester non-woven fiber.
 - Improved durability and compression recovery compared to commodity poly base foam.
 - Promotes Sustainability – 80% less petro-chemical contents per unit, which conserves 80 gallons for every 200 Queen units*
 - Better shape retention – less size variation when handling.
- **Caliber Edge® EVO™ Coils** – Provide durable support all the way to the edge.
- **Bolsa® EVO™ Coils** – Provide an even surface that absorbs partner movement and prevents sleepers from rolling together.
- **Next-Generation Innersprings** – ComfortCore® EVO™ (Elevated Value Objective) delivers a higher value proposition through advanced engineering and mindful use of wire.
- **Pre-Compressed Coils** – Create a firm surface that makes the unit more responsive to body movements.
- **Stress-Relieved Wire** – Holds its shape and provides a durable, consistent sleep surface.
- **Packable and Shippable** – Can be compressed, folded, and rolled for easier handling in a more manageable size.

Product Name	Coil Height	Coil Count*
Caliber Edge® EVO™ Enhanced Profile with Eco-Base®	7"	660
	9"	736

Sizes: Twin, Twin XL, Full, Queen*, King, Cal King

*Comparing 660 CPE EVO 6" with base foam to 660 CPE EVO 7" with Eco-Base® and 682 CPE EVO 8" with base foam to 736 CPE EVO 9" with Eco-Base® (base foam comparison is 1.0" 1.8 lb commodity poly base foam in 60" x 80" size)
