

NANOCOIL® EDGE CENTER ZONED

Comfort Layer

BeddingComponents.com

NanoCoil® Edge with Center Third Zone is a micro-coil, made from upcycled steel, ultrasonically welded into polypropylene non-woven fabric, and placed in the comfort layer to enhance the sleep surface. Features ActivEdge™ and Center Zoning for additional perimeter and targeted zonal support.

- **Center Third Zone** – Firmer middle for additional hip and lumbar support.
- **ActivEdge™** – Transitions firmer perimeter support into the comfort layer, expanding the sleep surface and preventing roll-off.
- **Enhanced Air Circulation** – Creates a channel for air to flow in and out of the mattress, enabling the body to reach its desired temperature for achieving deep, restorative sleep.
- **Superior Durability** – Resists sagging, settlement, and body impressions.
- **Unique, Customized Comfort** – Each coil individually contours to your body.
- **Responsive Support** – Adjusts to body movements, thus isolating motion transfer and reducing partner disturbance.
- **Packable and Shippable** – Folded and boxed.

NanoCoil® micro-coil

Packaging
