

The strong, steel Semi-Flex® Performance Grid foundation is better than wood because it's proven stronger and, unlike wood, won't crack and squeak over time.

- **Performance Grid** – One-piece, easy-to-assemble, unitized welded steel construction.
- **Tailored Corners**– Allows an eye-appealing fit and finish.
- **Height Options** – Comes in 3.5" low-profile and 7" high-profile options to meet any foundation need.
- **Durability Tested** – 53% stronger than 4-gauge and 14% stronger than 3-gauge borders.
