

Sigma® Flex is the most versatile boxspring available, designed to provide proper load distribution and support for increased bedding comfort and longer unit life.

- **Dyna-Lock® Design** – This patented interlocking design provides uniform support and livelier spring action.
- **Height Options** – Available in a high-profile 7" and standard 5.875" for slimmer mattresses and other bed heights.
- **Availability** – Split Queen or King options available for a dual-feel mattress.
- **Durability** – Provides a firm, long-lasting foundation.

Dyna-Lock® notched module design locks Sigma® Flex modules into welded grid top
