

True-Flex® delivers optimum spring action and multiple rows of conforming modules, providing increased mattress comfort and superior load distribution.

- **Dyna-Lock® Design** – This patented, interlocking design provides uniform support and livelier spring action.
- **Durability** – Dense wire grid provides strength and stability.
- **Support** – 6-gauge border rod enhances edge support.
- **Efficiency** – Designed for fast, easy assembly.
- **Height Options** – Available in high-profile and standard versions.

Dyna-Lock® notched module design locks True-Flex® modules into welded grid top
